HarbaPower: guide for annual berth holders

As an annual berth holder, you buy power packages in the Harba app and choose whether the package should renew automatically. You then activate the power at the power pedestal.

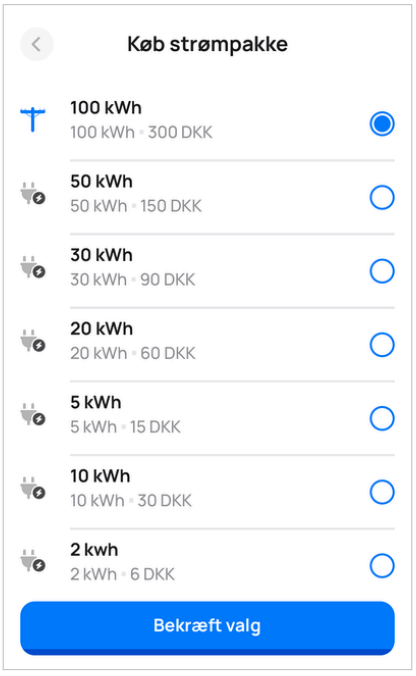

Buy a power package in the Harba app

1. Download the Harba app and log in.
2. Open your marina in the app. Under Services you'll find Power. Tap Add.
3. Choose the power package that suits your usage and confirm your choice.
4. The app asks whether you want to turn on automatic renewal. Choose yes if you want a new package automatically when the old one is used up or expires. Choose not right now if you only want to buy this one package.
5. Complete the payment.
6. Go to the power pedestal and activate the power. See "Activate power at the pedestal" below.

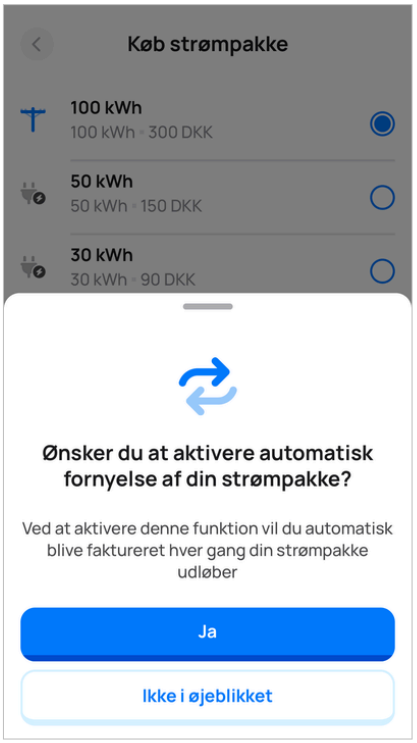

1. Min havn: Strøm > Tilføj

2. Vælg pakke > Bekræft valg

3. Automatisk fornyelse

Shown in Danish. Packages and prices may differ at your marina.

Good to know:

- You can always see in the Harba app how many kWh of your package you have used.

- You get a text message when your package is about to expire. You then buy a new package yourself, or the package renews automatically if you have chosen that.
- With automatic renewal, you are invoiced each time a new package is added.
- Without automatic renewal, you buy a new package yourself when the old one is used up or expires.
- Don't buy a bigger package than you expect to use before it expires.

Activate power at the pedestal

Buy the power package first. Then:

1. Connect your cable to the socket on the power pedestal.
2. Scan the QR code marked "Strøm / Power / Strom" on the pedestal sticker **with your phone's camera.**
3. Enter **the same email address** you used when you bought the power package.
4. Under socket, choose the socket you plugged your cable into.
5. Tap the button to activate the socket. The power turns on automatically. This can take up to 10 seconds.

Each pedestal has its own QR code, so scan the code on the pedestal you are connected to.

Pay Here

overnight stay, electricity & more

Scan & Betal — Trin 1

Betal for gæsteplads, strøm og andre tilkøb

1. Scan QR-koden med **kameraet på din mobil**
2. Vælg det du ønsker: gæsteplads, autocamper, bad, **strøm**
3. Betal med Apple Pay, Google Pay eller betalingskort
4. Aktivér strøm. Når du har betalt, gå til 'Aktivér Strøm' længere nede i **TRIN 2**.

Scan & Pay — Step 1

Pay for guest berth, electricity and other add-ons

1. Scan the QR code with your **phone's camera**
2. Choose what you want: guest berth, motorhome, shower, **electricity**
3. Pay with Apple Pay, Google Pay or card
4. Activate power. Once you've paid, go to 'Activate Power' further down in **STEP 2**.

Betal / Pay / Bezahlen

Betal / Pay / Bezahlen

Scannen & Bezahlen — Schritt 1

Bezahlen Sie für Gastliegeplatz, Strom und weitere Extras

1. QR-Code scannen mit der **Handykamera**
2. Wählen Sie Gastliegeplatz, Wohnmobil, Dusche, **Strom**
3. Bezahlen mit Apple Pay, Google Pay oder Kreditkarte
4. Strom aktivieren. Gehen Sie nach der Bezahlung zu 'Strom aktivieren' weiter unten in **SCHRITT 2**.

Aktivér strøm — Trin 2

1. Tilslut kablet til stikkontakten. **Husk: du skal først have betalt for strømmen i TRIN 1!**
2. Scan QR-koden (med **mobiltelefonens kamera**). Indtast den samme e-mailadresse, du brugte til at betale i **TRIN 1**, og vælg den stikkontakt, du har tilsluttet dit kabel til. Strømmen aktiveres automatisk. Det kan tage op til 10 sekunder.

Pedestal A-1

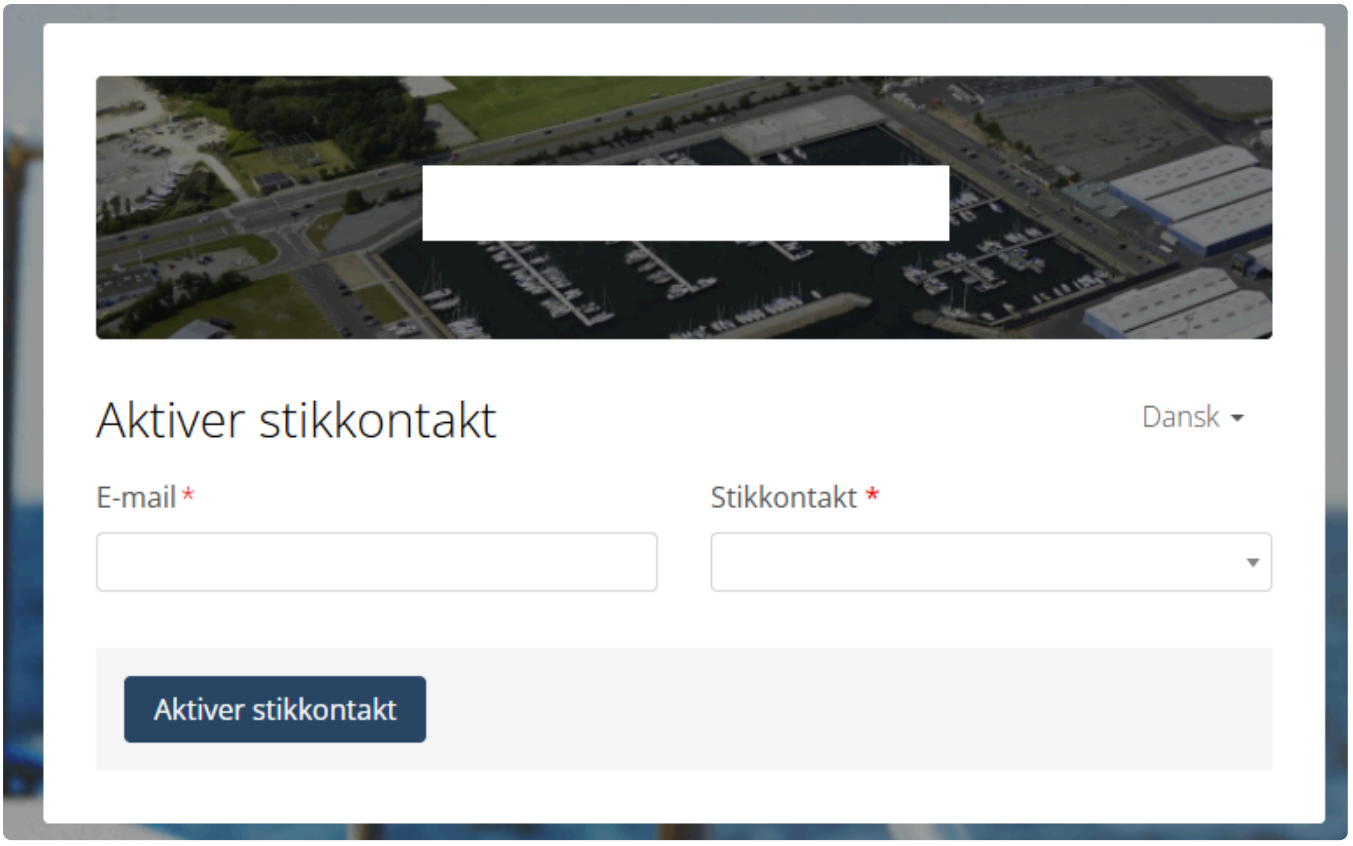

Activate power — Step 2

1. Connect the cable to the socket. **Remember: you must first have paid for electricity in STEP 1!**
2. Scan the QR code (with your **phone's camera**). Enter the same email address you used to pay in **STEP 1**, and select the socket you connected your cable to. Power activates automatically. This may take up to 10 seconds.

Strom aktivieren — Schritt 2

1. Schließen Sie das Kabel an die Steckdose an. **Achtung: Sie müssen zuerst in SCHRITT 1 für den Strom bezahlt haben!**
2. QR-Code scannen (mit der **Handykamera**). Geben Sie dieselbe E-Mail-Adresse ein, die Sie in **SCHRITT 1** zum Bezahlen verwendet haben, und wählen Sie die Steckdose, an die Sie Ihr Kabel angeschlossen haben. Der Strom wird automatisch aktiviert. Dies kann bis zu 10 Sekunden dauern.
